

Belmont Forum Collaborative Research Action “Mountains as Sentinels of Change - 2015”

National Annex: Italy

Partners: This call is supported by the **Department of Earth System Science and Environmental Technologies (DTA) of the National Research Council (CNR)** of Italy (CNR-DTA).

Notice: Depending on all conditions of eligibility and peer review being met, the budget earmarked by CNR-DTA for this call will be up to 0,5M€.

The official national call announcement for Italy will be published on the CNR-DTA website (<http://www.dta.cnr.it/>). Details of the call and the application process are provided via the www.igfagcr.org and www.bfgo.org websites. Applicants are advised to contact their National Contact Point before starting to prepare proposals for application. For Italian enquiries please see below.

Eligibility and national funding modalities: Proposals must fulfil the formal requirements of CNR-DTA. We would like to remind all applicants to refer to www.dta.cnr.it for eligible criteria, in particular for eligible entities.

Subject to quality of proposals, CNR-DTA is anticipated to fund up to a maximum of 4 projects and up to a maximum of 0.2M€ per project. The total budget covers all the expense of research costs, seminar/workshop costs, international cooperation and exchange and others.

It is expected that applications to this call will be full research projects with the consortium composition as defined in the call document, and CNR-DTA will fund the partner in Italy of any successful trans-national collaboration.
