MOST's standard eligibility criteria for research projects apply, please see MOST's general instructions: <http://most.gov.tw/>

Available funding:

Depending on all conditions of eligibility and peer review being met, the total budget earmarked by MOST for this call will be up to 750000 € (according to exchange rates at time of funding).

If applicants have any questions about their eligibility, they are advised to contact TAIWAN to enquire about their eligibility for the call before developing the proposal.

Eligibility

Standard eligibility criteria of the Partner Organization

Funding request to MOST must be up to 250 K€ per project or 500 K€ for a project/consortium coordination (LPI being from TAIWAN).

Only research organisations (universities, university colleges, research institutes or other authorities with research undertakings) eligible to receive funding from the MOST can apply for this call. Other sectors (e.g., stakeholders, industries, companies) wish to participate in this call, must secure their own funding, either self-funded or from other national funding agencies. Proof of secured funding must be demonstrated to the MOST upon request. The project period is maximum 36 months. A no cost extension period of maximum 12 months can be arranged upon request. For each successfully research project of this CRA, the MOST will perform a separate budget evaluation (rather than technical evaluation) to determine final amount approved.
